

## Solid Fuel-Fired Outdoor Heating Devices are Prohibited

**Public Safety Ordinance 3-2-11(c).** The construction or use of “Solid Fuel-Fired Outdoor Heating Devices” within the Village limits of the Village of Stratford is prohibited.  
( Dated 3/18/1998 )

**Due to high fuel costs, many people are considering wood burners to heat their homes. *This means smoke!***  
BURN ONLY in an approved stove, furnace, or fireplace. BURN ONLY clean chunk wood, kindling wood, and paper for starting the fire, and/or clean building materials or pellets. DO NOT BURN garbage, plastic, rubber, painted or treated lumber, asphalt or asbestos materials.

**Wood smoke is an irritant to asthma and respiratory sufferers.  
Be aware and respectful of your neighbor's right to clean air.**
