

Sidewalk Snow Removal

When it snows, make sure to clear your sidewalks within 24 hours of accumulating snow and ice to keep them safe.

Keeping our sidewalks and pedestrian ramps free of ice and snow is the neighborly thing to do, and it's the law. For your own benefit and to help your neighbors, people pushing strollers, using wheelchairs, and the many people in Stratford who walk, **please do your part.**

If snow and ice aren't cleared in a timely manner, the Stratford Police Department may issue a one-time annual notice and require the sidewalk be cleared by noon the next day. **If the Village has to clear the sidewalk, you will be billed for the service (\$75 - 1st offense, \$250 - 2nd offense, \$500 - 3rd and subsequent offenses); unpaid bills will be added to the tax roll.**

Be a Snow Angel and help your neighbors that may not be able to shovel themselves. Work with your neighbors to give a hand and ensure your entire block is safe and accessible to all.

 Refer to Ordinance §449-10 Snow and Ice Removal for more information. 

Clear the full width of the sidewalk down to the bare sidewalk. 

You must clear ice on your sidewalk as well as snow.

 The sooner and more completely you shovel, the less likely it is that the snow will become compacted ice which is much more difficult to remove. 

Arrange for someone to shovel anytime you are away.
