

Stratford Water & Electric

Application for Residential Electric, Water, and/or Sewer Service

Following our Public Service Commission Rules, the Customer is responsible for the full cost of an extension including the cost of the estimate and frost clause if applicable and customer must deposit these estimated costs with the utility before the project begins. Credit will be given for the embedded cost credit. Any refund or additional payment will be calculated at the completion of the utility construction.

To assist in timely installation, please complete as much of the following as you can regarding your building site and include a detailed sketch or certified survey map.
